

## Data Protection

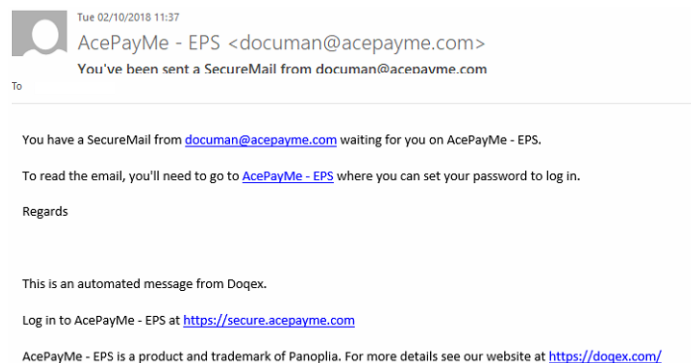

**Your Personal Data is important, to you and to us**

The General Data Protection Regulation [GDPR], came into effect in May 2018.

As a result of this new legislation, we at AcePayMe - EPS have invested more resources to significantly enhance our IT and personal data security, in that:

**ALL** emails containing personal data, will now be sent using a SecureMail encryption service.

**The next time you receive an email from us which contains personal data**, you will receive a notification that you have a SecureMail from us, which will look similar to this:

You will then have to click on the link "**AcePayMe – EPS**" to retrieve the SecureMail.

**Do not at this point click the link <https://secure.acepayme.com>.**

The first time you receive a SecureMail from us, you will need to set up a passphrase ["Password"] for your account.

Your account will then be established for future use: the log-in details will be your email address, and your password. You will log-in at <https://secure.acepayme.com>.

## ✉ Set up your AcePayMe - EPS SecureMail login

👤 Your email address: [REDACTED]

❓ What's your name?

[REDACTED]

📌 **Optional.** We'll use your name to personalise AcePayMe - EPS and any emails that you send.

🔒 Please choose a passphrase

.....

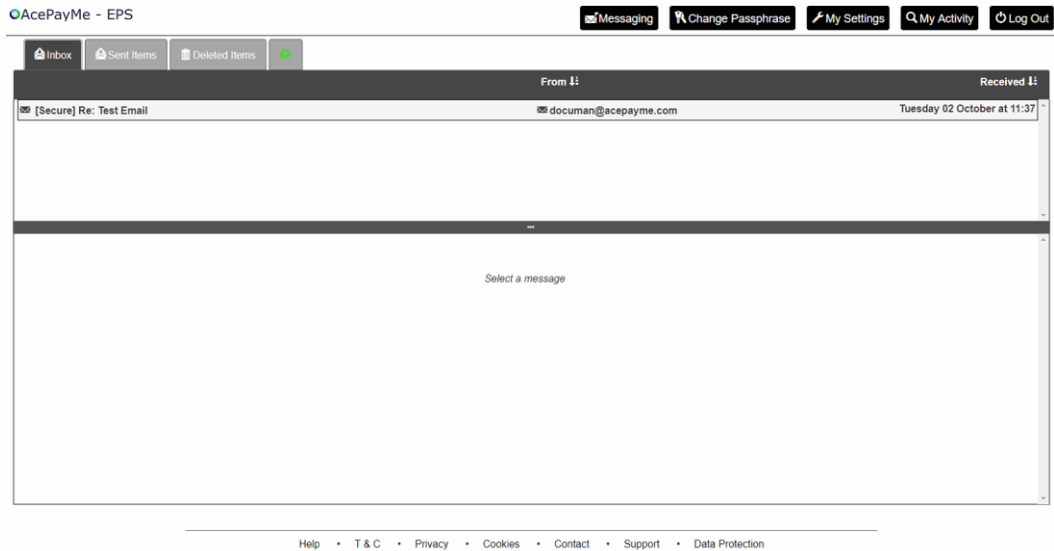

Hide

📌 **Required.** This is what you'll use to log in to read your SecureMails.

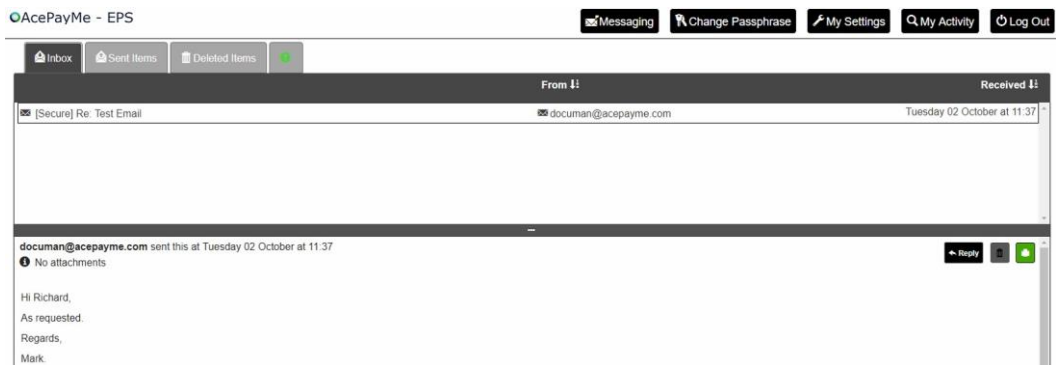

🔍 Suggest a passphrase

📧 Log in and get my SecureMails

Set your Passphrase [Password] and then click "Log-in and get my SecureMails":

Select your SecureMail to view it, download any attachments, or reply to us:

Un-encrypted e-mail is open to hacking, and the theft of personal data; beware of un-encrypted e- mail!

We invest, to protect you. We dedicate our service to keeping your personal data secure.
