

Expatriate Personnel Services – EPS considers that it offers the most competitive range of services available anywhere.

Professional contractors who use our personal and bespoke service benefit from the flexibility usually associated with being self-employed, together with fiscal and financial advantages of not being part of a direct Income Tax system in the country to where they are deployed.

The main benefits of using EPS are:

- **No 'take on' or leaving fee**
- **a very competitive transaction fee** (subject to a minimum of €30)
- Cheap two day Euro payments, by SEPA, without bank charges (to a full SEPA bank account)
- Same day Euro payments (subject to bank cut-off times, and bank charges, if applicable)
- Billing in major currencies, and receipts and payments in currencies
- Competitive exchange rates on other foreign currency payments, i.e. GBP USD, AUD, NZD, NOK, SEK, Hfl, SGD, ZAR etc (with earliest available value date subject to bank cut-off times, and bank charges)
- Eligibility to apply for a pre-paid MasterCard, with chip& pin security and world-wide acceptability for Point-Of-Sale transactions or cash withdrawal via MasterCard partner ATM's
- Receipt of earnings without deduction of tax.
- No deduction of Employer insurance.
- No legal or other costs of incorporating your own company.
- No legal obligations as a director,
- No annual or other statutory costs of operating your own company.
- No secretarial, preparation of minutes or ongoing filing costs.
- No accountancy, payroll or audit costs.
- No administration for Value Added Tax (VAT record keeping, accounts, returns etc.)
- Foreign currency payments, with earliest available value date

You can sign up with EPS in minutes by simply filling in our form which can then be e-mailed to us using the address quoted below.

SERVICES

- Liaise with the agent / client in the set up of your Contract Agreement.
- Invoice your client / agent based on your advices (timesheet, expenses etc...)
- Monitor receipt of funds invoiced / due.
- Provide account information instantly from our fully computerised systems.
- Act on your instructions regarding the onward transmission of funds received direct to your bank account.
- Provide a printout / schedule of receipts and payments on request.
- We can also provide a facility for short-term contracts or 'one-off' invoices – information available on request

Banking: We operate the latest real-time banking software which effectively enables us to offer full bank facilities from our own office. On receipt by our Inward Payments Euro account of cleared funds, we will action your instructions same day (subject to banking cut-off times). Most Euro payments can now be made with a low bank charge, if your bank is in SEPA. SEPA payments may take the standard SEPA time of 2-3 days. Contractor's payments and our business expenses are separated and operated through separate bank accounts. Priority transfers: for Euros / other foreign currency can reach your account before close of business 'same day', but there is a small additional bank charge. Extra time should be allowed for currency exchanges, although we do manage to complete most main currency (Euro, GBP Sterling, US Dollar) exchanges same day. Payments that miss cut-off times will be sent next day.
